

A Report
on
Impact of Lockdown on Community Campuses

Webinar Report

Submitted to:

Social Development Ministry, Province no. 5

Submitted by:

Kapilvastu Multiple Campus, Taulihawa

Held on 20th June, 2020

0007

Introduction

A few of the world know about Kapilvastu Multiple Campus (KMC) lies in the centre of the Lumbini, Tilaurakot, Kudan and Araura; the historical places of the world and the spiritual instructions of the Lord Buddha, KannakMuni Buddha and Kakruchhanda Buddha irrigated site has been marching up spreading the light of education since a historical period, 2036 BS as a result the buds of different corners of the country where the inner eyes of government have not been reached, Kapilvastu Multiple Campus has been adding the breaks of enlightenment on the wall of brain of the learners for a long years though it has been facing obstacles on its way of marching track.

During this very lockdown period, due to which the whole world is sinking today, the campus did an effort to search an alternative solution from the impact of lockdown on community campuses, so that community campuses can struggle and come out from this very dark and march forward for spreading the light of education.

The entire team of Kapilvastu Multiple Campus once dived and pondered over the problem faced by community campuses due to this very pandemic situation of Covid-19 and came out with the thought of webinar. Therefore the selected scholars of concerned field will put some of the ideas so that it will be helpful to come out from the synchronous pandemic. Mediating on these all the things KMC planned to conduct a webinar and consulted with the scholars completing all the processes. Finally, KMC was able to conduct a note worthy webinar on 6th Ashadh, 2077 BS, (20th June, 2020).

0000

We have felt that the webinar will play the role of milestone to light the path to all the suffering community campuses. It has become an example in the province no. 5 as well as for the country. The participants from different countries, provinces and districts contributed from their places; the province minister Mr. Sudarshan Baral, key note Prof. Dr. Mahananda Chalise, Mr. Mukti Pandey and Mr. Resta Jha were the contributors, so that KMC thanked to all of them.

Presentation

According to the schedule the webinar was conducted on 20th June, 2020. The programme (webinar) started exactly at 3:00 pm and the webinar was hosted by Mr. Giri Prasad Pokhrel, lecturer of Kapilvastu Multiple Campus, Taulihawa, Kapilvastu. He welcomed to all the chief guests, guests and participants. Host of the webinar thanked to all the guests and participants for their valuable time paying to use in this pandemic situation too; we did not forget to remember the participants from Canada, India and Nepal. It was live broadcasted by national network Ujaalo as well as Facebook.

When the Social Development Minister, Province no. 5, Mr. Sudarshan Baral was welcomed for his welcome speech; he delivered the speech thanking to the entire team of Kapilvastu Multiple Campus, Taulihawa. In his speech he added that we should not fear with Covid-19 but we need to face it and move further. We know that province government is the guardian of the citizen and the organizations of this very area. According to him the government is thinking on Covid-19. Due to the present

000

scenario of education, he declared that the government is going to develop education hub in the province no. 5. The budget of higher education has not been reduced though other budgets have been reduced. If the community campuses unable to survive due to Covid-19, the province government will play the role of guardian and support to the community campuses. Community campuses should provide quality education and in this terrible situation they need to search alternative way of providing education. He declared that province government will support to those community campuses which have been providing online or virtual education. Finally he told that this webinar will be one of the noteworthy examples not only to the province but also to the whole nation. He wished for the success of the program. And finally he was thanked by the campus chief Dr. Vinay Pandey.

Tribhuvan University M. Phil director of management Prof. Dr. Mahananda Chalisetha chief guest of the very program presented his noteworthy idea one after another. At first he put some ideas about online education. He claimed that panics spreads faster than pandemic and the education sector of Nepal, like in many other countries in the world, has also been one of the first and hardest hit by the crisis. He raised the issues inside the online education as Technical issues, Digital literacy, Time management, Self motivation and Pedagogical or Ardragogical. He claimed that online education can be lunched in Nepal as in other countries. Many universities of other countries have used online education then why not in Nepal. It is easy and not so terrible. Teaching learning can be conducted very safely from the home quarantine and online education can be launched in Blended mode.

0000

He added that community campuses are also the part of Tribhuvan University. They have to start online master program and we must change our strategy. He raised multiple issues through online education and finally he claimed that university exam can also be conducted through online mode.

The General Secretary of Community Campuses Association and campus chief of Mandhya Bindu Campus raised the problems faced by the community campuses. Community campuses have been established due to the efforts of community. Community as well as lecturers and concerned people have invested a lot but the government has been neglecting to the community campuses.

Mr. Resta Jha claimed that 37.5% of global employee will lose the job and 2.7 million Nepalese will lose job due to the pandemic or Covid-19. The effect will be directly seen on food and hospitality. Major economic could loss at least 2.4% of GDP over 2020 AD. The data presented by him shows 20% of Nepalese are going to lose their job. Therefore economic scenario is going to be in very terrible condition. That's why the government should reduce the interest rate of business, VAT and TDS. Government has to provide grants to the community organizations otherwise they cannot survive.

Finally, all the speakers were thanked by the campus chief Dr. Vinay Pandey. Kapilvastu Multiple Campus will always remind their contribution and they will remain in the memory forever. he told that the idea given by them will be the major guideline to us as well as the community campuses and to the other universities.

At the end of the webinar, our honorable and dynamic chairman of Kapilvastu Multiple Campus Management Committee Mr. Ramdas Gupta happily announced that he would like to thank to all the chief guest, guests, participants and entire team of KMC from his core of the heart. He added that KMC has been playing major role in the transformation of the society through education and will have been playing to in the coming future too. Finally, he told that KMC will lunch such programs in the future too and the program was ended by him.

Major Findings

All the speakers claimed that the program was very fruitful. It might be the guideline in the coming days and the major findings of this program have been listed here.

- Province government is the guardian of all citizen and organization.
- Webinar is the means of finding solution of pandemic condition.
- Province government will support to the community campuses.
- To enhance the quality of community campuses, the budget of higher education has been increased.
- It is not necessary to leave the province no. 5 for higher education.
- The province government will support to build up the capabilities.
- Province will financial support for the online education that has been launched by community campuses.
- Online education should be made complementary education from the supplementary education.
- Blended mode of online education can be launched by the universities.

- Community campuses have to start online master program.
- Online education is emerging education.
- We must change to us other wise we will die.
- Government has been neglecting to community campuses and only see the constituent campuses.
- Community campuses are carried up to here due to the effort of community.
- Many people are going to lose the job.
- Businesses are going to shut up.
- World economy as well as national economy is going to be in terrible situation.
- The government has to see all the areas.

Conclusion

Due to the pandemic brought by Covid-19, we know that whole the world has been suffering and to be out of this very situation KMC conducted a webinar inviting the scholars of different fields, so that the program or webinar may provide a way to the community campuses to be out of the problem. The webinar reached in the conclusion that community campuses can lunch online education which will be the alternative solution in the field of teaching learning field. Different scholars put their views and those views were centered on online or virtual education. Therefore, in the coming days, province governments has to support community campuses and teaching and learning process can be forwarded smoothly.

Dear Pitambar Dhoj Khadka
Narayan Campus, Dailekh

Kapilvastu Multiple Campus is greatly indebted and thankful to all of your overwhelming support, immeasurable affinity and outstanding participation from the diverse places of Nepal for turning our virtual webinar into a most seminal and historical event ever performed by community campus in this area. It would not have been to that level of unprecedented if there hadn't been your enthusiastic cooperation and support. With your valuable feedback and suggestion our Campus has compiled it as a public voice, and submitted it to the Social Development Ministry of Province 5, to draw their attention over our current common challenge and threats that we have had due to COVID-19 and the lockdown measure against it. We are pleased to inform you that today we are sending your e-certificate with this email. KMC is eagerly awaiting to organize another innovative program in collaboration with you. It was really a moment for all of us.

Thank you.

Regards,

Dr. Vinay Pandey

Campus Chief

Dear Sir/Madam,

It gives us a great pleasure to invite you as participant for sharing your insights and experiences in a virtual program (webinar) scheduled for 6th Ashad 2077 (3-5 pm) with the initiation of Kapilvastu Multiple Campus to shed light on the "Impact of Lockdown on Community Campuses" that has recently been caused by the rapid outbreak of COVID-19 across the globe. I would be grateful if you could manage your time from your hectic schedule for making the event the most resourceful and memorable one.

Note: e-certificate will be issued to the participants with the signature of key speakers. Please register your participation before the 5th of Ashad.

Dear Sir,

It gives me a great pleasure to invite you as a keynote speaker for delivering your insights and experiences in a virtual program (webinar) scheduled for 6th Ashad 2077 (3 - 5 pm) with the initiation of Kapilvastu Multiple Campus to shed light on the "Impact of Lockdown on Community Campuses" that has recently been caused by the rapid outbreak of COVID-19 across the globe. I would be grateful if you could manage your time from your hectic schedule for making the event the most resourceful and memorable one.

I would like to request you to have your kind acceptance for using your signature to be used in the certificate designed for the participants.

Dear Sender,

Good morning. I acknowledge the receipt of email and formally accept your invitation to participate in this important Webinar. I am sure you will take utmost care while using the signature, kindly go ahead to be used in certificates.

I would like to thank you to provide KFA this opportunity to participate and share some knowledge. Closer to the deadline, I will be sharing the Presentation.

Thanks to Dr. Vinay Pandey, Campus Chief – KMC, who was KFA Business School's 2nd Intake Graduate, to take leadership in this initiative. We are proud of you.

Thanks to Kapilvastu Multiple Campus for inviting me to participate.

Nisha – Please diarize.

Thank you.

Best regards.

Resta Jha
Executive Chairman
